# FRESH FILTER

## VOLUME 1

"Fresh Filter does a good job of living up to the two words that make up its name. The songs in this first collection thrum with the excitement of a thriving and inventive independent scene—some of them bordering on charmingly slapdash and some of them remarkably self-assured, but all of them worth a listen or two or three, and possibly even Your New Favorite Band status. Here's to more."

### LUIS KATIGBAK

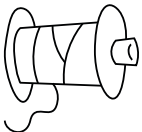

Associate Editor, **Esquire Magazine**

"I have always believed that OPM is the best music in the world. With this LP, Russ has hand-picked this latest generation of bands who have digested all the genres from all over the world and have created an amalgamation that is as satisfying as an all-you-can-eat buffet."

### MARIE JAMORA

Director of **Ang Nawawala**

"In this era of local music, we welcome a new breed of musicians who have created the finest sound in their time. Uniquely Filipino, these bands can cross Philippine borders and create a bigger audience as people hear and discover their music."

### JOEY ALVIAR & MON PUNZALAN

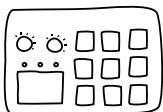

of **Team Manila**

"I have witnessed many iterations of the local music scene. These songs have been humming for a while and you need to catch them now. This, in a capsule is what you can expect to take us forward, the sound that will help define the scene in the next couple of years. Ear-citing times ahead!"

### BONG ROJALES

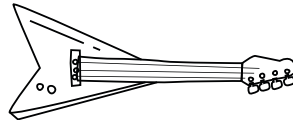

of **Heima**

"Superb!"

### RAYMUND MARASIGAN

of **Sandwich, Squid 9, Assembly Generals, Cambio and Gaijin**

"This compilation evokes the feeling of summer days and nights... And if it's too early for that, welcome to the future. These artists are living their present, and we may have a bit of catching up to do."

### FRANCIS "BREW" REYES

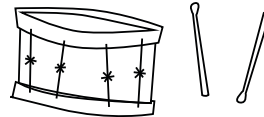

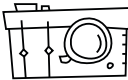

Writer, **Yahoo Philippines** and Guitarist, **Peso Movement**

"Every few years gamechangers come out of the woodwork; artists who redefine music as we know it and inspire a whole generation of fans and musicians. These gamechangers would be nothing without their champions; tastemakers who look at the full spectrum of local music today and pick the gems, making them available for all of us to enjoy."

Russ Davis is this generation's champion. He keeps the freak flag flying and carries the torch for Pinoy Rock, the latest in a long line of greats that include Howlin' Dave, Ces Rodriguez, Eric Caruncho and Francis Brew. He's also a pretty fuckin' cool guy."

### QUARK HENARES

Director of **Keka** and **Rakenrol**

"Spin this record on your turntable with a candle burning and you will hear sweet awesomeness drip out of your speakers. If you don't hear it, maybe the needle isn't down yet."

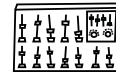

### JAZZ NICOLAS

of **Itchyworms**, Composer, Musician and **Elements Music Camp** Mentor

"Jam 88.3 and Fresh Filter have given indie artists and fans alike a new home to showcase and discover great, fresh Filipino music."

### ERIC PERLAS

Recording Engineer & Producer, **Tower of Doom**

"Your indie music education starts here."

### ELY BUENDIA

of **Pupil** and **Oktaves**

"The future of the local indie scene is looking bright."

### JOFF CRUZ

of **Deezer Philippines**

"A melting pot of beautiful Pilipino music. This is one awesome playlist only Russ and Jam can deliver."

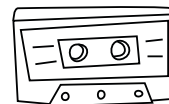

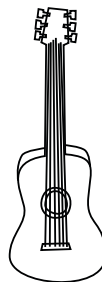

### RICKY ILACAD

Managing Director, **MCA Universal Music Philippines**

"Cherish this record! This is proof that we have the best and most varied indie scene in Asia, and perhaps the world. #blessed"

### MIKEY AMISTOSO

of **Ciudad**, Composer and Musician

"An invitation into a world of Pinoy indie pop! A showcase of today's most exciting talents... several different characters... open-minded... fresh... A&R heaven... astig!"

### VIC VALENCIANO

A&R Head, **Curve Entertainment**
